## JOB DESCRIPTION

Club La Santa is looking for an experienced Occupational Risk Prevention Technician to join our Human Resources department. The successful candidate will be responsible for the implementation and management of preventive measures focused on the following specialties: safety at work, ergonomics and applied psychosociology.

## KEY RESPONSIBILITIES – CORE WORK ACTIVITIES

- Leading and coordinating the implementation of preventive measures in the following specialties: safety at work, ergonomics and applied psychosociology.
- Leading, creating and implementing prevention programmes and procedures and ensuring compliance with them.
- Carry out periodic assessments to identify potential risks and hazards, as well as monitoring corrective actions.
- Collaborate with relevant departments to ensure the integration of preventive strategies into daily operations.
- Define prevention training plans and materials and provide ongoing training to employees on health and safety best practices.
- Ensure that the organisation complies with relevant standards and guidelines.
- Leading investigations into workplace incidents, identifying underlying causes and implementing solutions.
- Maintaining the department's documentation and record keeping system (Prevention plan, risk assessment, preventive activity planning, emergency plan, etc.).
- Participation in the Health and Safety Committee
- Coordinating the delivery of prevention documentation by external companies accessing our facilities.

## CANDIDATE PROFILE

### ➤ Education & Experience

- Relevant degree or studies (e.g. Advanced/Intermediate Technician in Occupational Risk Prevention; etc.)
- Certifications in relevant areas such as Certified Safety Professional (CSP), Certified Industrial Hygienist (CIH) or equivalent.
- Master's degree in occupational risk prevention is an asset.
- Additional certifications in preventive specialties are an asset.

- Proven experience in a similar position, with a track record of success in the implementation and management of preventive measures.
- Experience in customising industry-based preventive measures.

➤ **Transversal competencies**

- Excellent communication skills, both written and verbal: confidence in communicating safety protocols, training materials and incident reports.
- Detail oriented and highly analytical.
- Advanced Office skills, Word, Excel.
- Knowledge of industry specific hazards and challenges relevant to Club La Santa.

## **WHAT WE OFFER**

- **Shifts from Monday to Friday 8am to 4pm.**
- **Salary according to collective agreement**, with stability and clear conditions from the first day.
- **Free use of Club La Santa sports facilities**, an exclusive benefit for our staff.
- **Collaborative work environment**, with a culture based on open communication, respect and continuous improvement.
- **Access to training courses** for your professional and personal development.
- Real possibility of **growth within the kitchen team**, learning from professionals with experience and quality standards.
