## Sports and Team Building

Discover how much more a team can achieve when working together in activities and sports, rather than as individuals. We offer your team numerous opportunities to improve trust, communication and collaboration in a unique setting while having fun.

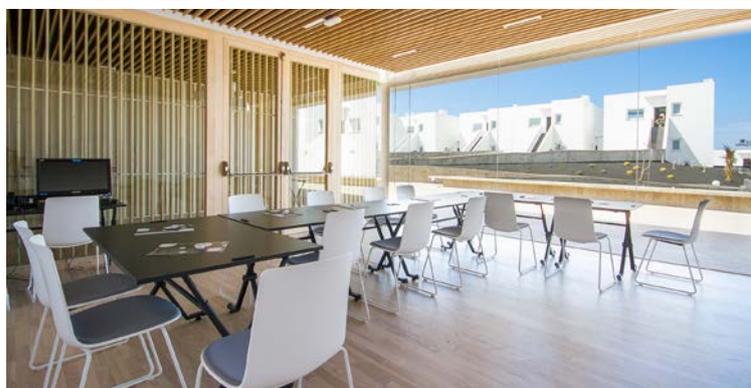

All our guests have free access to virtually all activities and sports facilities, equipment, classes and tournaments during their stay at Club La Santa. Your delegates will have endless opportunities to be active together with over 80 different sports and more than 500 weekly activities and Green Team-led group classes.

You don't have to be a world champion or in top physical condition to enjoy our activities. They are tiered for all levels, from beginner to advanced, and for people of all ages. The sensation of well-being and revitalisation gained from taking part will motivate and inspire your team, that will stay with them long after they return home.

As a conference group, you have the bonus of being able to book facilities, equipment and additional classes in advance. You can book facilities for your entire group, or for smaller groups if you want to choose different activities.

As the conference organiser, we'll help you plan the perfect schedule, allowing you to enjoy your stay to the max, whilst also staying in control. Our professional team of instructors will take care of your activities and create a fun and challenging programme that's tailor made to your needs.

Your group can also join some of our regular weekly classes and tournaments, providing they sign up individually and with a maximum limit of five people per activity.
